

Transportation to & from Wedding Sites -

Various modes of transportation are available for your special day.

One of your choices are the rental of hourly taxi vans to and from the wedding site. Hourly rentals are the favored choice in case of unexpected inclement weather. Taxis will be standing by as well as transporting the bride & groom and guests on a timely basis to the wedding site and the wedding reception following the ceremony with no delays.

Bermuda doesn't have limousines, but we do have an elegant airconditioned English white London Taxi at your service if you choose.

Either one way to or from the wedding site are options, or a return trip with the bride arriving at the wedding site and departing with the bride and groom after the ceremony.

It is also Bermuda tradition to arrive or depart in a horse drawn wedding carriage. Carriages are a very romantic way to begin or end your wedding with energetic locals congratulating you as you trot along Bermuda's roads.

Be daring. Have run and drive away from the wedding site on a moped.

Another option would be to hire a chartered bus. There is a 4 hour minimum rental time and the bus seats 34 people.
